Independent Auditor's Report

Honorable Mayor and City Council Donnelly, Idaho

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Donnelly, Idaho (the City) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Donnelly, Idaho, as of September 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Donnelly and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City of Donnelly's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions ore events, considered in the aggregate, that raise substantial doubt about the City of Donnelly's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the City of Donnelly, Idaho's internal control. Accordingly,
 no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Donnelly, Idaho's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, schedule of the City's proportionate share of Net Pension Liability, and the schedule of City contributions on pages 33 through 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards

generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Donnelly, Idaho's basic financial statements. The supplemental information is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statement are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 8, 2024, on our consideration of the City of Donnelly, Idaho's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Donnelly, Idaho's internal control over financial reporting and compliance.

Reconciliation of the Balance Sheet of the Governmental Funds to the Statement of Net Position September 30, 2023

Total Fund Balances - Governmental Funds	\$	722,580					
Amounts reported for governmental activities in the Statement of Net Position are different because of the following:							
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in governmental funds. The cost of assets consist of	ıf:						
Property taxes receivable will be collected this year, but are not available soon		544,947					
enough to pay for current period's expenditures, and, therefore, are deferred in funds.	the	2,224					
Long-term liabilities, applicable to the City's governmental activities, are not due and payable in the current period and, accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current allong-term - are reported in the Statement of Net Position.							
Compensated Absences\$(3,	<u>590)</u>	(2 F00)					
The District participates in the Public Employer Retirement System of Idaho, whis a cost-sharing plan. As a participant they are required to report their share of Net Pension Liability and the related deferred inflows and outflows on their Statement of Net Position.		(3,590)					
Pension Related Deferred Inflows (4,	877) 696) <u>167</u>	(48,406)

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activities For the Year Ended September 30, 2023

Total Net Change in Fund Balance - Governmental Funds

153,726

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their useful lives as depreciation expense. In the current period these amounts are:

Capital Outlay	\$ 27,894
Depreciation Expense	(43,404)_
	(15,510)

Because some property taxes will not be collected for several months after the City's fiscal year ends, they are not considered as "available" revenues in the governmental funds and are, instead, counted as deferred tax revenues. They are, however, recorded as revenues in the Statement of Activities.

(3,395)

Compensated absences reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This amount represents the net change in compensated absences.

539

The District participates in the Public Employer Retirement System of Idaho, which is a costsharing plan. As a participant they are required to report their share of the Net Pension Liability and the related deferred inflows and outflows on their Statement of net Position. The changes in the Net Pension Liability and the related deferred inflows and outflows does not affect the governmental funds, but are reported in the Statement of Activities.

Notes to Financial Statements
For the Year Ended September 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The accompanying financial statements present the activities of the City of Donnelly, Idaho (the City), which has responsibility and control over all activities related to public safety, highways and streets, parks and recreation, planning and zoning, and water and sewer services within the City. The City receives funding from local, state, and federal government sources and must comply with all of the requirements of these funding source entities. However, the City is not included in any other governmental reporting entity as defined by generally accepted accounting principles. Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and the primary accountability for fiscal matters. In addition, the City's reporting entity does not contain any component units as defined in Governmental Accounting Standards.

B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the financial activities of the City, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each identifiable activity of the business-type activities of the City and for each function of the City's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.
- Indirect expenses are expenses of the general government related to the
 administration and support of the City's programs, such as personnel and
 accounting (but not interest on long-term debt) and are allocated to
 programs based on their percentage of total primary government
 expenses. Interest expenses are allocated to the programs that manage
 the capital assets financed with long-term debt.

Notes to Financial Statements For the Year Ended September 30, 2023

 Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category — governmental and proprietary — are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The City reports the following major governmental funds:

- General fund. This is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.
- Local Option Tax fund. This fund was stablished to account for the revenue and expenditures of the Local Option Tax.

Proprietary fund operating revenues and expenses are related to providing water and sewer services to the residents and businesses of the City and providing services to other parts of the City government. Revenues and expenses that arise from capital and non-capital financing activities and from investing activities are presented as non-operating revenues or expenses.

The City has the following major enterprise funds:

- Water fund. This fund accounts for the activities of the City's water supply system, pumping stations, and collection systems.
- Sewer fund. This fund accounts for the activities of the City's sewage treatment plant and collection systems.

Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Notes to Financial Statements For the Year Ended September 30, 2023

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, and claims and judgments, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities and acquisitions under capital leases are reported as other financing sources.

Fund Balance Reporting in Governmental Funds

Different measurement focuses and bases of accounting are used in the government-wide Statement of Net Position and in the governmental fund Balance Sheet.

The City uses the following fund balance categories in the governmental fund financial statements:

- Nonspendable. Prepaid items that are permanently precluded from conversion to cash.
- Restricted. Balances constrained to a specific purpose by enabling legislation, external parties, or constitutional provisions.
- Unassigned. Balances available for any purpose.

The remaining fund balance classifications (committed, and assigned) are either not applicable or no formal policy has yet been established to be able to utilize such classifications of fund balance. However, if there had been committed funds, these amounts would have been decided by the City Council, the City's highest level of decision-making authority, through a formal action. The City Council would also have the authority to assign funds or authorize another official to do so.

Notes to Financial Statements For the Year Ended September 30, 2023

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position/fund balances available to finance the program. When both restricted and unrestricted resources are available for use, it is the government's intent to use restricted resources first, then unrestricted resources as they are needed.

There is also no formal policy regarding the use of committed, assigned, or unassigned fund balances. However, it is the City's intent that when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts, and then unassigned amounts.

C. Assets and Liabilities

Cash Equivalents

Cash received by the City is deposited into the various cash and investment accounts for each fund and is presented as "Cash and Cash Equivalents" on the Statement of Net Position and governmental fund Balance Sheet by activity or fund.

For presentation in the financial statements, investments in the investment pool and others with an original maturity of three months or less at the time they are purchased by the City are considered to be cash equivalents.

Property Tax Calendar

The City levies its real property taxes through the county on or before the 2nd Monday of September. One-half of the real property taxes are due on or before the 20th of December. The remaining one-half of the real property tax is due on or before June 20th the following year. Property taxes are considered delinquent on January 1 and July 1, at which time the property is subject to lien.

Capital Assets

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed assets are reported at estimated fair value at the time received.

Notes to Financial Statements For the Year Ended September 30, 2023

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are shown below:

	Capitalization	Depreciation	Estimated
	<u>Policy</u>	Method	<u>Useful Life</u>
Buildings and Improvements	\$5,000	Straight-Line	15 – 47 Years
Equipment and Vehicles	\$5,000	Straight-Line	5 – 15 Years

General infrastructure assets acquired prior to October, 2003 are not reported in the basic financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets acquired subsequent to October 1, 2003.

Depreciation is used to allocate the actual or estimated historical cost of all capital assets over their estimated useful lives.

Accounts Receivable

The City has created an allowance for doubtful accounts for water and sewer balances deemed uncollectible. The amount in the allowance is currently \$0.

Accounts Payable

Accounts payable represent debts that will be paid in the next billing cycle. Accounts payable are not over 60 days past due.

Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements For the Year Ended September 30, 2023

CASH AND INVESTMENTS

Deposits

As of September 30, 2023, the carrying amount of the City's deposits was \$605,459 and the respective bank balances totaled \$681,562. The entire bank balance was insured or collateralized with pool securities held by the pledging institution in the name of the City.

<u>Custodial Credit Risk – Deposits</u>

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. As of September 30, 2023, all of the City's deposits were covered by the federal depository insurance or by collateral held by the City's agent or pledging financial institution's trust department or agent in the name of the City, and thus were not exposed to custodial credit risk. The City does not have a formal policy limiting its exposure to custodial credit risk for deposits. The City had \$250 of cash on hand at the end of the year.

<u>Custodial Credit Risk – Investments</u>

Custodial credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The City does not have a formal policy limiting its custodial credit risk for investments.

Interest Rate Risk

The City does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

Investments

The City voluntarily participates in the State of Idaho Investment Pool which is not rated. The pool is not registered with the Securities and Exchange Commission or any other regulatory body. Oversight of the pool is with the State Treasurer, and Idaho Code defines allowable investments. The fair value of the City's investment in the pool is the same as the value of the pool shares.

The City follows Idaho Statute that outlines qualifying investment options as follows:

Idaho Code authorizes the City to invest any available funds in obligations issued or guaranteed by the United States Treasury, the State of Idaho, local Idaho municipalities and taxing districts, the Farm Credit System, or Idaho public corporations, as well as time deposit accounts and repurchase agreements.

Notes to Financial Statements For the Year Ended September 30, 2023

The City's investments at September 30, 2023, are summarized below:

		Investment Matu	<u>ırities (in Years)</u>
Investment	Fair Value	Less than 1	1 - 5
External Investment Pool	\$ 283,504	\$ 283,504	\$ -

At year-end, the deposits and investments were reported in the basic financial statements in the following categories:

	vernmental Activities	iness-type Activities	Total
Cash and cash equivalents	\$ 658,973	\$ (53,264)	\$ 605,709
Restricted Cash	-	68,892	68,892
Investments categorized as deposits	64,483	 150,129	214,612
	\$ 723,456	\$ 165,757	\$ 889,213

3. COMPENSATED ABSENCES

The City presently accumulates unused vacation days and sick leave calculated on an individual basis according to an employee's total years worked and total hours-per-week worked. In the event of termination, an employee is reimbursed for accumulated leave. A summary of the current year activity and year-end liability for the government-wide financial statements is as follows:

									C	urrent
	9/3	0/2022	<u>In</u>	crease	De	ecrease	9/30	0/2023	_P	ortion
Governmental Activities	\$	4,129	\$	4,943	\$	(5,482)	\$	3,590	\$	3,590
Business-type Activities		2,752		3,296		(3,655)		2,393		2,393
	\$	6,881	\$	8,239	\$	(9,137)	\$	5,983	\$	5,983

4. PROPERTY TAXES

The City receives property tax revenue from Valley County. The County is responsible for property valuation and collection of tax levies. The taxes that have not been remitted to the City by the County as of September 30, 2023, are considered by the City as a receivable. Taxes not collected within 60 days after September 30, 2023, are not considered available for use by the City and are recorded as deferred revenue.

Notes to Financial Statements
For the Year Ended September 30, 2023

5. PENSION PLAN

Plan Description

The City of Donnelly, Idaho contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

Pension Benefits

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

Member and Employer Contributions

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient

Notes to Financial Statements
For the Year Ended September 30, 2023

assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 74% for public safety. As of June 30, 2023 it was 7.16% for general employees and 9.13% for public safety. The employer contribution rate as a percent of covered payroll is set by the Retirement Board and was 11.94% for general employees and 12.28% for public safety. The City of Donnelly, Idaho's contributions were for the year ended September 30, 2023.

Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2023, the City of Donnelly, Idaho reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Donnelly, Idaho's proportion of the net pension liability was based on the City of Donnelly, Idaho's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2023, the City of Donnelly, Idaho's proportion was 0.00304366 percent.

For the year ended September 30, 2023, the City of Donnelly, Idaho recognized pension expense/(revenue) of \$22,661. At September 30, 2023, the City of Donnelly, Idaho reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 20,820	\$ -
Changes in assumptions or other inputs	12,027	-
Net difference between projected and actual earnings on pension plan investments	11,401	-
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	-	7,829
City of Donnelly, Idaho's contributions subsequent to the measurement date	4,365	-
Total	\$ 48,613	\$ 7,829

\$4,365 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2023.

Notes to Financial Statements For the Year Ended September 30, 2023

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2023, the beginning of the measurement period ended June 30, 2022, is 4.6 and 4.4 for measurement period June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

For the Year Ended		
September 30:	F	PERSI
2024	\$	15,496
2025		4,170
2026		23,003
2027		(1,885)

Actuarial Assumptions

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	3.05%
Salary inflation	3.05%
Investment rate of return	6.35 %, net of investment expense
Cost-of-living	1%

Contributing Members, Service Retirement Members, and Beneficiaries

General Employees and All Beneficiaries – Males Pub-2010 General Tables, increased 11% General Employees and All Beneficiaries – Females Pub-2010 General Tables, increased 21% Teachers – Males Pub-2010 Teacher Tables, increased 12% Teachers – Females Pub-2010 Teacher Tables, increased 21% Fire & Police – Males Pub-2010 Safety Tables, increased 21% Fire & Police – Females Pub-2010 Safety Tables, increased 26% Disabled Members – Males Pub-2010 Disabled Tables, increased 38% Disabled Members – Females Pub-2010 Disabled Tables, increased 36%

Notes to Financial Statements For the Year Ended September 30, 2023

An experience study was performed for the period July 1, 2015 through June 30, 2020 which reviewed all economic and demographic assumptions including mortality. The Total Pension Liability (Asset) as of June 30, 2023 is based on the results of an actuarial valuation date of July 1, 2023.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of 2023.

Fixed Income	30.00%
US/Global Equity	55.00%
International Equity	15.00%
Cash	0.00%
Total	100.00%

Discount Rate

The discount rate used to measure the total pension liability (asset) was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset). The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Notes to Financial Statements For the Year Ended September 30, 2023

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Employer's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.35 percent, as well as what the Employer's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current rate:

	1% Decrease (5.35%)	Current Discount Rate (6.35%)	1% Increase (7.35%)
Employer's proportionate share of the net pension liability (asset)	\$ 218,455	\$ 121,462	\$ 42,189

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

6. RESTRICTED ASSETS

As of September 30, 2023, \$68,892 was restricted for debt service.

7. DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units (State of Idaho) consist of state revenue sharing of \$7,143.

8. RISK MANAGEMENT

The City is exposed to a considerable number of risks of loss including, but not limited to, a) damage to and loss of property and contents, b) employee torts, c) professional liabilities, i.e. errors and omissions, d) environmental damage, e) worker's compensation, i.e. employee injuries, and f) medical insurance costs of its employees. Commercial insurance policies are purchased to transfer the risk of loss for property and content damage, employee torts, and professional liabilities.

City of Donnelly, Idaho Notes to Financial Statements For the Year Ended September 30, 2023

9. **CAPITAL ASSETS**

Capital asset activity for the fiscal year ended September 30, 2023, was as follows:

	Balance 9/30/2022	Additions	Disposals	Balance 9/30/2023

Notes to Financial Statements For the Year Ended September 30, 2023

9. CAPITAL ASSETS (continued)

Depreciation expense was charged to the functions of the City as follows:

Governmental Activities:		
General and Administrative	\$	26,042
Highways and Streets		8,681
Parks and Recreation		8,681
	<u>\$</u>	43,404
Business-Type Activities:		
Water	\$	101,020
Sewer		33,532
	\$	134 552

10. LESSOR AGREEMENTS

The City leases business space known as the Donnelly Depot Center to various business owners. All leases at the Donnelly Depot Center are year to year. The city entered in to a lease with Horizon Tower, LLC for a parcel of land for their communication tower beginning in 2019. This lease is for 5 years and will automatically renew for 6 additional 5-year terms, unless agreed upon by tenant and the city per the terms of the contract.

Lease income for the year ended September 30, 2023 was \$57,500.

Future lease payments expected to be received for years ending:

September 30,	Amount
2024	\$55,050
2025	19,400
2026	750
	\$ 75,200

11. INTERFUND TRANSFERS

Amounts transferred between funds consisted of:

Trar	nsfers	
\$	53,250	Transfer from LOT fund to General Fund
\$	53,250	_

Notes to Financial Statements For the Year Ended September 30, 2023

12. LONG-TERM OBLIGATIONS

Business-type Activities:

Bonds and notes payable have been issued to provide funds for water and sewer improvement projects.

Changes in long-term obligations for the year ended September 30, 2023, are as follows:

			Re	equired							Current
Description	Maturity	Rate	F	Reserve	9	/30/2022	Incre	ase	Decrease	9/30/2023	Portion
Business-Type Activities											
1998 Revenue Bonds	2026	5.00%	\$	13,012	\$	46,041	\$	-	\$ (10,710)	\$ 35,331	\$ 11,245

Notes to Required Supplementary Information For the Year Ended September 30, 2023

1. BUDGETS AND BUDGETARY ACCOUNTING

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Prior to September 1, the City Clerk, Mayor, and City Council prepare a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- B. Public hearings are conducted at the City Hall to obtain taxpayer comments.
- C. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- D. The City is authorized to transfer budgeted amounts between departments within any fund; however, no revision can be made to increase the overall tax supported funds except when federal or state grants are approved. The City, however, must follow the same budgetary procedures as they followed when the original budget was approved. The budget for enterprise funds may also be revised in the same manner as those situations involving federal and state grants.
- E. Formal budgetary integration is employed as a management control device during the year for the General fund and Special Revenue funds.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Honorable Mayor and City Council Donnelly, Idaho

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Donnelly, Idaho, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City of Donnelly, Idaho's basic financial statements and have issued our report thereon dated April 8, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Donnelly, Idaho's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Donnelly, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Donnelly, Idaho's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Donnelly, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
